SECTION 1 Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier
70A
SEAL-IT 16 OZ.

1.2 Relevant identified uses of the substance or mixture and uses advised against
Automotive detailing

1.3 Details of the supplier of the safety data sheet
ITW Evercoat
a division of Illinois Tool Works Inc.
1275 Round Table Drive
Dallas, TX 75247

1.4 Emergency telephone number
CHEM TEL: +1-813-248-0591

SECTION 2 Hazards identification

2.1 Classification of the substance or mixture
Classified in accordance to (EC) No. 1272/2008
Flammable Liquid Category 3

2.2 Label elements
Labelling according to Regulation (EC) No 1272/2008 [CLP]

Hazard pictograms

Signal Word
Warning

Hazard Statements
H226 - Flammable liquid and vapour.

Precautionary Statements
P233 - Keep container tightly closed.
P280 - Wear protective gloves/protective clothing/eye protection/face protection.
P403+P235 - Store in a well-ventilated place. Keep cool.
P240 - Ground/bond container and receiving equipment.
P242 - Use only non-sparking tools.
P243 - Take precautionary measures against static discharge.
Supplemental Hazard information (EU)  
No data available

2.3 Other hazards  
No data available

SECTION 3 Composition/information on ingredients

3.1. Substances
Not applicable

3.2. Mixtures

For full text of H-statements; See Section 16

SECTION 4 First aid measures

4.1 Description of first aid measures

**Inhalation**  
This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure. If breathing is difficult, give oxygen.

**Eye Contact**  
Use an eye wash to remove a chemical from your eye regardless of the level of hazard. Flush the affected eye for at least twenty minutes. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Seek medical advice after flushing. Flush eye with water for 20 minutes. Get medical attention.

**Skin Contact**  
Wash with soap and water. Remove contaminated clothing and continue flushing with water.

**Ingestion**  
No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this MSDS. Do not induce vomiting unless directed to do so by medical personnel.

**Self protection of the first aider**  
No data available

4.2 Most important symptoms and effects, both acute and delayed

**Symptom**  
See Section 4.1

4.3 Indication of any immediate medical attention and special treatment needed

**Note to Doctor**  
No additional first aid information available

SECTION 5 Firefighting measures
5.1 Extinguishing media

Suitable extinguishing media

Use alcohol resistant foam, carbon dioxide, or dry chemical extinguishing agents. Water may be ineffective but water spray can be used to extinguish a fire if swept across the base of the flames. Water can absorb heat and keep exposed material from being damaged by fire. Carbon dioxide, Dry chemical.

Unsuitable extinguishing media

No data available

5.2 Special hazards arising from the substance or mixture

Fire and/or Explosion Hazards

Vapors may be ignited by sparks, flames or other sources of ignition if material is above the flash point giving rise to a fire (Class B). Vapors are heavier than air and may travel to a source of ignition and flash back. Empty containers that retain product residue (liquid, solid/sludge, or vapor) can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose container to heat, flame, sparks, static electricity, or other sources of ignition. Any of these actions can potentially cause an explosion that may lead to injury or death.

Extremely Flammable. Material will readily ignite at room temperatures.

Hazardous Combustion Products

Carbon monoxide, Carbon dioxide

5.3 Advice for firefighters

Fire Fighting Methods and Protection

Do not enter fire area without proper protection including self-contained breathing apparatus and full protective equipment. Fight fire from a safe distance and a protected location due to the potential of hazardous vapors and decomposition products. Flammable component(s) of this material may be lighter than water and burn while floating on the surface.

SECTION 6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

For Non-emergency Personnel

Non-emergency personnel should be kept clear of the area.

For emergency responders

No adverse health affects expected from the clean-up of spilled material. Follow personal protective equipment recommendations found in Section VIII of this MSDS.

6.2 Environmental precautions

No data available

6.3 Methods and material for containment and cleaning up

No special spill clean-up considerations. Collect and discard in regular trash. Use an inert absorbent such as sand or vermiculite. Place in properly labeled closed container.

6.4 Reference to other sections

Refer to section 13 for disposal information.

SECTION 7 Handling and storage
7.1 Precautions for safe handling
No special handling instructions due to toxicity. Ground and bond containers when transferring material.

7.2 Conditions for safe storage, including any incompatibilities
Store in a cool dry ventilated location. Isolate from incompatible materials and conditions. Keep container(s) closed. Keep away from heat, sparks, and flame.

7.3 Specific end use(s)
Automotive detailing

SECTION 8 Exposure controls/personal protection

<table>

<tr>
<td>No data available</td>
</tr>
</tbody>
</table>

8.2 Exposure controls

Appropriate engineering controls
No exposure limits exist for the constituents of this product. No engineering controls are likely to be required to maintain operator comfort under normal conditions of use.

Individual protection measures, such as personal protective equipment

Eye and face protection
Wear safety glasses when handling this product. Wear goggles and a Face shield.

Skin Protection

Hand protection
No information available

Other skin protection
Not normally considered a skin hazard. Where use can result in skin contact, practice good personal hygiene. Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work. Where use can result in skin contact, practice good personal hygiene. Use of protective coveralls and long sleeves is recommended.

Respiratory Protection
No respiratory protection required under normal conditions of use. Follow a respiratory protection program that meets 29 CFR 1910.134 and ANSI Z88.2 requirements whenever work place conditions warrant the use of a respirator.

Thermal hazards
No data available

Environmental exposure controls
No data available

SECTION 9 Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance
Liquid

Colour
White

Odour
Mint

Odour Threshold
No data available

pH
No data available
Initial boiling point and boiling range (°C) 149
Flash Point (°C) 33
Evaporation Rate No data available
Flammability (Solid, gas) No data available
Upper/lower flammability or explosive limits
   Upper Flammable/Explosive Limit, % in air No data available
   Lower Flammable/Explosive Limit, % in air No data available
Vapour Pressure No data available
Vapour Density No data available
Relative Density 0.85
Solubility(ies) No data available
Partition coefficient: n-octanol/water No data available
Decomposition Temperature No data available
Viscosity No data available
Explosive properties No data available
Oxidizing properties No data available

9.2 Other information No data available

SECTION 10 Stability and reactivity

10.1 Reactivity No data available
10.2 Chemical stability Stable under normal conditions.
10.3 Possibility of hazardous reactions No data available
10.4 Conditions to avoid Contamination
10.5 Incompatible materials Oxidizing materials
10.6 Hazardous decomposition products Carbon dioxide Carbon monoxide

SECTION 11 Toxicological information

11.1 Information on toxicological effects

Acute Toxicity
Based on available data, the classification criteria are not met.

Skin corrosion/irritation
Based on available data, the classification criteria are not met.

Serious eye damage/irritation
Based on available data, the classification criteria are not met.
Respiratory or skin sensitization
Based on available data, the classification criteria are not met.

Germ cell mutagenicity
Based on available data, the classification criteria are not met.

Carcinogenicity
Based on available data, the classification criteria are not met.

Reproductive toxicity
Based on available data, the classification criteria are not met.

STOT-single exposure
Based on available data, the classification criteria are not met.

STOT-repeated exposure
Based on available data, the classification criteria are not met.

Aspiration hazard
Based on available data, the classification criteria are not met.

SECTION 12 Ecological information

12.1 Toxicity
No data available

Ecotoxicity Data

12.2 Persistence and degradability
No data available

12.3 Bioaccumulative potential
No data

12.4 Mobility in soil
No data available

12.5 Results of PBT and vPvB assessment
No data available

12.6 Other adverse effects
No data available

12.7 Additional information
No data available
SECTION 13 Disposal considerations

13.1 Waste treatment methods

**Waste Description for Spent Product**
Spent or discarded material is a hazardous waste.

**Disposal Methods**
Dispose of by incineration following Federal, State, Local, or Provincial regulations.

**Waste Disposal Code(s)**
(W070104)

SECTION 14 Transport information

**Ground:**
- **14.1 UN number:** UN3295
- **14.2 UN proper shipping name:** Hydrocarbons liquid N.O.S.
- **14.3 Transport hazard class(es):** 3
- **14.4 Packing group:** III
- **Exemptions:** Limited Quantity

**Air:**
- **14.1 UN number:** UN3295
- **14.2 UN proper shipping name:** Hydrocarbons liquid N.O.S.
- **14.3 Transport hazard class(es):** 3
- **14.4 Packing group:** III

**Water:**
- **14.1 UN number:** UN3295
- **14.2 UN proper shipping name:** Hydrocarbons liquid N.O.S.
- **14.3 Transport hazard class(es):** 3
- **14.4 Packing group:** III
- **Exemptions:** Limited Quantity
- **14.5 Environmental hazards:** No
- **14.6 Special precautions for user:** No data available
- **14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code:** No data available

SECTION 15 Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

<table>

Hyrotreated Heavy Naphthe

15.2 Chemical safety assessment
No data available

SECTION 16 Other information

SDS Abbreviations: No data available
References: No data available

Hazard phrase(s) referenced in section 3
H304 - May be fatal if swallowed and enters airways.
H336 - May cause drowsiness or dizziness.

Precautionary Statements
Prevention
P201 - Obtain special instructions before use.
P202 - Do not handle until all safety precautions have been read and understood.
P210 - Keep away from heat/sparks/open flames/hot surfaces. – No smoking.
P233 - Keep container tightly closed.
P240 - Ground/bond container and receiving equipment.
P241 - Use explosion-proof electrical/ventilating/lighting equipment.
P242 - Use only non-sparking tools.
P243 - Take precautionary measures against static discharge.
P280 - Wear protective gloves/protective clothing/eye protection/face protection.

Response
P303+P361+P353 - IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.
P308+P313 - IF exposed or concerned: Get medical advice/attention.
P370+P378 - In case of fire: Use for extinction.

Storage
P233 - Keep container tightly closed.
P403+P235 - Store in a well-ventilated place. Keep cool.
P405 - Store locked up.

Disposal
P501 - Dispose of contents/container in accordance with local/regional/national/international regulation for hazardous wastes.
