PRODUCT NAME:
VOC Magic Dressing

PART #:
502220
502225

PACKAGE:
Gallon
5 Gallon

PRODUCT CATEGORY:
Dressings & Protectants – Solvent Based

COLOR:
Blue

SCENT:
Fruity

PRODUCT DESCRIPTION:

VOC Magic Dressing is a premium 50 State compliant, all-purpose, solvent-based, silicone dressing for exterior surfaces. Restores new luster and adds long-lasting weather resistant protection to tires, rubber moldings, exterior trim, and vinyl.

DILUTION RATIO:

Ready To Use.

DIRECTIONS:

For the “wet look”, apply **VOC Magic Dressing** directly onto the surface with a mist sprayer. Allow to dry. For a less shiny look, apply, then use a sponge applicator and wipe until uniform. **DO NOT** apply to engines, or brake/accelerator pedals, steering wheel, glass, or clear plastic.

SURFACE APPLICATIONS:

For tires, exterior rubber moldings, trim, and vinyl.

HELPFUL TIPS:

Be sure your surface is clean and dry before application. Be sure to let your tires dry at least 10 minutes before driving. This will help to avoid product “slinging” onto body panels.

SAFETY & HANDLING:
