**SECTION 1 Identification of the substance/mixture and of the company/undertaking**

1.1 Product identifier

75

WHITE MAGIC SEALER/WAX 1

1.2 Relevant identified uses of the substance or mixture and uses advised against

No data available

1.3 Details of the supplier of the safety data sheet

ITW Evercoat

a division of Illinois Tool Works Inc.

1275 Round Table Drive

Dallas, TX 75247

1.4 Emergency telephone number

CHEM TEL: +1-813-248-0591

**SECTION 2 Hazards identification**

2.1 Classification of the substance or mixture

Classified in accordance to (EC) No. 1272/2008

Not classified as hazardous under GHS

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 [CLP]

Hazard pictograms

No hazard symbols required

Signal Word

Signal word not required

Hazard Statements

No hazard statements required

Precautionary Statements

No precautionary statements required

Supplemental Hazard information (EU)

No data available

2.3 Other hazards

No data available

**SECTION 3 Composition/information on ingredients**
3.1. Substances
Not applicable

3.2. Mixtures

For full text of H-statements; See Section 16

SECTION 4 First aid measures

4.1 Description of first aid measures

Inhalation: This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure. No data available

Eye Contact: Use an eye wash to remove a chemical from your eye regardless of the level of hazard. Flush the affected eye for at least twenty minutes. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Seek medical advice after flushing. No data available

Skin Contact: Wash with soap and water. No data available

Ingestion: No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this MSDS. No data available

Self protection of the first aider: No data available

4.2 Most important symptoms and effects, both acute and delayed

Symptom: See Section 4.1

4.3 Indication of any immediate medical attention and special treatment needed

Note to Doctor: No additional first aid information available

SECTION 5 Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media: Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do Not direct a stream of water into the hot burning liquid.

Unsuitable extinguishing media: No data available

5.2 Special hazards arising from the substance or mixture
Fire and/or Explosion Hazards  
Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire.

Hazardous Combustion Products  
Carbon dioxide, Carbon monoxide, Formaldehyde, Silicon dioxide

5.3 Advice for firefighters  
Fire Fighting Methods and Protection  
Do not enter fire area without proper protection including self-contained breathing apparatus and full protective equipment.

SECTION 6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures  
For Non-emergency Personnel  
Non-emergency personnel should be kept clear of the area.

For emergency responders  
No adverse health affects expected from the clean-up of spilled material. Follow personal protective equipment recommendations found in Section VIII of this MSDS.

6.2 Environmental precautions  
No data available

6.3 Methods and material for containment and cleaning up  
No special spill clean-up considerations. Collect and discard in regular trash. Ensure clean-up measures are in compliance with OSHA (29 CFR 1910.120).

6.4 Reference to other sections  
Refer to section 13 for disposal information.

SECTION 7 Handling and storage

7.1 Precautions for safe handling  
No special handling instructions due to toxicity. No special handling requirements

7.2 Conditions for safe storage, including any incompatibilities  
Store in a cool dry place. Isolate from incompatible materials. No special storage requirements

7.3 Specific end use(s)  
No data available

SECTION 8 Exposure controls/personal protection

Occupational Exposure limit values

8.2 Exposure controls

Appropriate engineering controls  
No exposure limits exist for the constituents of this product. No engineering controls are likely to be required to maintain operator comfort under normal conditions of use.

Individual protection measures, such as personal protective equipment

Eye and face protection  
Wear safety glasses when handling this product. Wear goggles and a Face shield
Skin Protection

Hand protection
No information available

Other skin protection
Not normally considered a skin hazard. Where use can result in skin contact, practice good personal hygiene. Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work. Where use can result in skin contact, practice good personal hygiene. Use of protective coveralls and long sleeves is recommended.

Respiratory Protection
No respiratory protection required under normal conditions of use. Follow a respiratory protection program that meets 29 CFR 1910.134 and ANSI Z88.2 requirements whenever work place conditions warrant the use of a respirator.

Environmental exposure controls
No data available

SECTION 9 Physical and chemical properties

9.2 Other information
No data available

SECTION 10 Stability and reactivity

10.1 Reactivity
No data available

10.2 Chemical stability
Stable under normal conditions.

10.3 Possibility of hazardous reactions
No data available

10.4 Conditions to avoid
Temperatures above the high flash point of this combustible material in combination with sparks, open flames, or other sources of ignition.

10.5 Incompatible materials
Strong oxidizing agents; Strong acids; Strong alkalies

10.6 Hazardous decomposition products
Carbon dioxide Carbon monoxide Formaldehyde Silicon dioxide

SECTION 11 Toxicological information

11.1 Information on toxicological effects

Acute Toxicity
Based on available data, the classification criteria are not met.

Skin corrosion/irritation
Based on available data, the classification criteria are not met.

Serious eye damage/irritation
Based on available data, the classification criteria are not met.

Respiratory or skin sensitization
Based on available data, the classification criteria are not met.

Germ cell mutagenicity
Based on available data, the classification criteria are not met.

Carcinogenicity
Based on available data, the classification criteria are not met.

Reproductive toxicity
Based on available data, the classification criteria are not met.

STOT-single exposure
Based on available data, the classification criteria are not met.

STOT-repeated exposure
Based on available data, the classification criteria are not met.

Aspiration hazard
Based on available data, the classification criteria are not met.
SECTION 12 Ecological information

12.1 Toxicity
No data available

12.2 Persistence and degradability
No data available

12.3 Bioaccumulative potential
No data

12.4 Mobility in soil
No data available

12.5 Results of PBT and vPvB assessment
No data available

12.6 Other adverse effects
No data available

12.7 Additional information
No data available

SECTION 13 Disposal considerations

13.1 Waste treatment methods

Waste Description for Spent Product
Spent or discarded material is non-hazardous according to environmental regulations.

Disposal Methods
Dispose of in a landfill. Disposal is not likely to be regulated.

Waste Disposal Code(s)
(European Waste Catalogue)
W070104

SECTION 14 Transport information

Ground:

14.1 UN number: No data available
14.2 UN proper shipping name: Not Regulated
14.3 Transport hazard class(es): No data available
14.4 Packing group: No data available

Air:

14.1 UN number: No data available
14.2 UN proper shipping name: Not Regulated
14.3 Transport hazard class(es): No data available
14.4 Packing group: No data available
Safety Data Sheet

15.2 Chemical safety assessment No data available

SECTION 16 Other information

SDS Abbreviations: No data available
References: No data available
Hazard phrase(s) referenced in section 3:
H304 - May be fatal if swallowed and enters airways.
H336 - May cause drowsiness or dizziness.

NOTICE: The information accumulated herein is believed to be correct as of the date issued from sources, which are believed to be accurate and reliable. Since it is not possible to anticipate all circumstances of use, recipients are advised to confirm, in advance of need, that the information is current, applicable and suitable to their circumstances.
